PRIVATE DAY TOUR

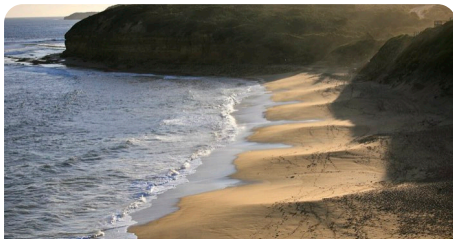

Great Ocean Road & Twelve Apostles

Full day · ~12 hours · ~275 km from the CBD (3 h 45 m along the coast) · up to 7 passengers

WHY IT'S FAMOUS

The Great Ocean Road is one of the world's great coastal drives, tracing the edge of Victoria's Southern Ocean from the surf beaches of Torquay to the towering limestone stacks of the Twelve Apostles. Along the way it moves from sweeping beaches and clifftop lookouts into the cool, fern-filled rainforest of the Otways, so every hour of the day brings a different landscape.

The road is also a memorial. The timber arch at Eastern View, first raised in 1939, and the sculpture beside it honour the returned servicemen behind its construction. Further west lies the Shipwreck Coast, where Loch Ard Gorge is named after the 1878 wreck of the Loch Ard, from which only two of the 54 people on board survived.

WHY IT'S FAMOUS

Phillip Island is home to the largest little penguin colony in the world. The island packs a lot of nature into a day. Treetop boardwalks at the Koala Conservation Reserve bring you to eye level with koalas, Churchill Island's heritage farm offers open paddocks, Highland cattle and bay walks, and the clifftop boardwalks at the Nobbies look out to Seal Rocks, home of Australia's largest fur seal colony.

Yarra Valley wineries & cellar doors

Full day · ~9 hours · ~65 km from the CBD (1 h) · up to 7 passengers

WHY IT'S FAMOUS

The Yarra Valley is Victoria's oldest winegrowing region, less than an hour from Melbourne. Its cool climate and varied microclimates are especially suited to Chardonnay and Pinot Noir, and Yarra Valley Chardonnay is regarded as a leader in Australia's fine Chardonnay production. Sparkling wine, Cabernet Sauvignon and Shiraz are made here too.

Wine history runs deep. Yering Station, established in 1838, was Victoria's first vineyard, and its cellar door is housed in the original winery building from around 1859. Chandon, one of only five Chandon wineries in the world, has made méthode traditionnelle sparkling here since 1986.

The hills are also home to Puffing Billy, which calls itself Australia's premier preserved steam railway. Its open-sided carriages run on the original mountain line from Belgrave through Mountain Ash and fern gullies, crossing a timber trestle bridge over Monbulk Creek on the way.

Victorian High Country — Bright, Beechworth & Milawa

Full day · ~13 hours · ~310 km from the CBD (3 h 45 m) · up to 7 passengers

WHY IT'S FAMOUS

Victoria's High Country is where the state climbs into the foothills of the Australian Alps. Beechworth is one of Victoria's best-preserved gold-rush towns, with heritage streetscapes and a historic precinct where Ned Kelly faced more than 40 hearings and trials. Nearby, Milawa sits at the heart of what is billed as Australia's first gourmet region, home to cheese makers, cellar doors and producers big and small.

Full day · ~13 hours · ~260 km from the CBD (3 h) · up to 7 passengers

WHY IT'S FAMOUS

The Grampians, traditionally known as Gariwerd, are among Australia's most recognisable national parks. Rugged sandstone ranges rise abruptly from the western plains, with waterfalls, spring wildflowers and mountain panoramas, and the park is heritage-listed for its Aboriginal heritage, plants and animals and natural beauty.

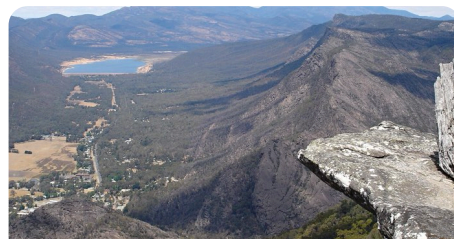

Gariwerd holds the largest number of significant Aboriginal rock art sites in southern Australia, and the landscape is part of a living cultural heritage. Wildlife is everywhere: kangaroos, wallabies, emus and native birds are a regular sight, and kangaroos often graze right around the town of Halls Gap.

Granite headlands, white-sand beaches and clear water meet coastal bushland, with offshore islands scattered along the horizon. It is around three hours' drive from Melbourne, which is why a driver makes the day so much easier.

The Prom is famous for its wildlife. Wombats, kangaroos and emus are often seen around the park, and Tidal River, the main visitor hub, sits beside Norman Beach, a few minutes' walk from the campground, beneath Mount Oberon. Short walks, lookouts and beaches all start close by.

🔥 PRIVATE DAY TOUR

Geelong waterfront & the Bellarine Peninsula

Full day · ~8 hours · ~75 km from the CBD (1 h) · up to 7 passengers

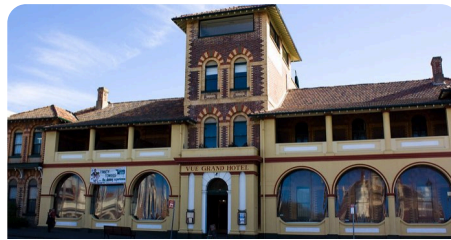

WHY IT'S FAMOUS

Geelong's north-facing waterfront on Corio Bay is one of Victoria's best-loved promenades. More than 100 painted bollards line the shore between Rippleside and Limeburners Point, each one a character from the city's past, carved from old pier timbers by artist Jan Mitchell. Add palm trees, yachts, the 1930s Eastern Beach sea bath and an 1890s carousel, and it is an easy, happy stroll for every age.

Out at the tip of the Bellarine Peninsula, Queenscliff was where Victorian-era holiday-makers came to dine in grand buildings and stay in triple-storey hotels. That heritage has been carefully preserved, so the wide main street is still lined with old-world hotels, galleries and cafés, with the historic fort, pier and ferry harbour a short walk away.

PRIVATE DAY TOUR

The Murray — Echuca paddlesteamers & river red gums

Full day · ~12 hours · ~220 km from the CBD (2 h 30 m) · up to 7 passengers

WHY IT'S FAMOUS

In the 1870s Echuca was the third-largest port in Australia after Sydney and Melbourne. At its peak the town supported eight sawmills and up to 240 paddlesteamers a year. Today the Port of Echuca is a living monument to that era, centred on the heritage-listed red gum wharf built in 1865.

Authentic paddlesteamers still depart daily from the Echuca Wharf, some of them built here, like the PS Adelaide. An hour on board is the classic way to feel the slow pace of one of the world's largest navigable rivers, with river red gums lining the banks and the paddle wheel churning behind you.

Werribee Open Range Zoo, Mansion & Rose Garden

Half day · ~6 hours · ~32 km from the CBD (35 m) · up to 7 passengers

WHY IT'S FAMOUS

Werribee Open Range Zoo is Zoos Victoria's wildlife safari in Melbourne's west. Its 40-minute safari bus tour, included with admission and wheelchair accessible, rolls through grasslands themed on Asia, North America and Africa, where you can spot bison, antelope, rhino, zebra and ostrich. Nine Asian elephants now roam a 21-hectare habitat on the Elephant Trail.

Right next door, Werribee Park Mansion was completed in 1877 for the Chirnside family, who made their fortune from wool in Victoria's Western District. With 60 rooms across several wings, a dominant tower and an arcade on three sides, it is one of the largest and most opulent homes in Victoria, and it has starred in productions such as Miss Fisher.

PRIVATE DAY TOUR

Healesville Sanctuary & Warburton redwoods

Full day · ~10 hours · ~65 km from the CBD (1 h 10 m) · up to 7 passengers

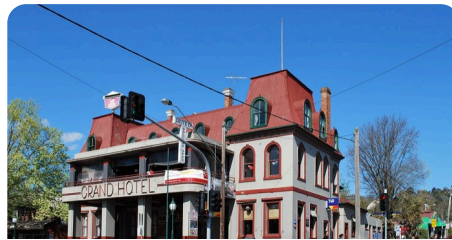

WHY IT'S FAMOUS

Healesville Sanctuary is Zoos Victoria's bushland home for native wildlife in the Yarra Valley. Instead of cages and concrete, paths wind through tall forest to Kangaroo Country, Dingo Country, the Koala Forest boardwalk up in the gum treetops and the World of the Platypus — one of the easiest places anywhere to watch this shy, extraordinary animal up close.

Further up the valley, near Warburton, stands a forest that looks like it belongs in California. Californian redwoods were planted at Cement Creek in the 1930s as part of a hydrology experiment, and today the 90-year-old trees rise in striking, perfectly straight rows — a hushed, cathedral-like grove inside Yarra Ranges National Park.

❄️ PRIVATE DAY TOUR

Snow day — Lake Mountain & Marysville

Full day · ~11 hours · June–September · ~120 km from the CBD (2 h) · up to 7 passengers

WHY IT'S FAMOUS

Lake Mountain Alpine Resort is roughly two hours from the Melbourne CBD through the Yarra Valley, which makes it one of the easiest places to see real snow on a day trip. In winter it is all about play rather than downhill skiing: three ticketed toboggan runs, open snow-play areas for snowmen and snowball fights, snowshoe walks and over 25 km of groomed cross-country ski trails.

The drive up is part of the magic. The road climbs the Black Spur through towering mountain ash and tree ferns to Marysville, a village tucked in a valley just below the mountain, about 90 minutes from Melbourne. It is the base camp for the snow — coffee, bakeries, a famous lolly shop and chain and gear hire before the final climb.

2. Marysville, set among the Great Dividing Range

3. Keppels Hotel, Marysville

● PRIVATE DAY TOUR

Bendigo gold heritage & the Great Stupa

Full day · ~10 hours · ~150 km from the CBD (1 h 50 m) · up to 7 passengers

WHY IT'S FAMOUS

Gold was discovered at Bendigo in the mid-1800s, sparking one of the first mass migrations to Australia. People came from across the globe seeking their fortune, and their legacy lives on in the city's grand Victorian architecture, ornate fountains, gardens and heritage trams — and underground at Central Deborah, where 929 kg of gold was once extracted.

Among those prospectors was a large Chinese community. The Golden Dragon Museum, opened in 1991 on part of the old Chinatown site, tells their story with a collection of some 30,000 objects including imperial processional dragons, alongside the Yi Yuan Gardens. The Bendigo Joss House Temple, opened in 1871, is one of the few remaining temples of its kind in Australia.
